COMPANY INTRO

STRATEGIC ALLIANCES

Exhibition BAPA FoodPro International Expo at BICC
Challenge The supply of necessary electricity was all of a sudden lessened at the venue just before the event night.
Solution The QC team of E3 Solutions immediately had a meeting with the engineers at the venue, sorted out the technical issue and was able to fix the electrical supply before dawn.

Exhibition BAPA FoodPro International Expo at BICC
Challenge The food vendor missed an order to supply for the seminar session on the eve of the seminar.
Solution During the check point of order and supply of food, our team found the disparity and straightway appointed extra man power to transport and deliver the food onsite instead of waiting for the vendor to supply.

Exhibition International Poultry Show & Seminar at ICCB
Challenge The generator in the tent stopped working in a flash.
Solution We had an extra generator arrangement beforehand for the safety purpose and put that extra one into serving the purpose instantly.

Exhibition International Flower Fest at BICC
Challenge Time constraint to arrange the entire program.
Solution We deployed our teams carefully at different tasks and made sure to get done a task at the first place without any recurrence.

E3 difference

working from event concept to completion
